MESSAGE FROM THE CE

Dear Valued Customer

At Stanbic IBTC, we consistently 'put our clients at the centre of everything we do' as we believe that our customers are central to the business that we conduct. We are committed to providing you with excellent service across all our touch points because we believe that you are critical to our existence as an organisation.

To this end, we are delighted to bring to you the Stanbic IBTC Service Charter. This document stipulates our standards of service delivery by highlighting our commitments, your rights and entitlements, our rights as a bank and financial services group, the promises upon which customers can expect and demand quality service.

It also describes the service experience we are committing to be responsible for on your transactions with us, and provides the channels of complaints that may be adopted when you experience a service failure. For easy access, we have also made this Charter available on our website.

This forms part of the deliberate steps we are taking to standardise our service to you and improve your overall experience.

Thank you for choosing Stanbic IBTC.

WHAT DRIVES US AT STANBIC IBTC

We are a large and diverse business and our Code of Ethics is captured in our values. Our vision and brand promise are an expression of our commitment and integrity. It outlines how our values apply in the workplace and guides their application in specific situations.

Our Mission

We are committed to solutions that drive your progress.

Our Vision

To be the leading end-to-end financial solutions provider in Nigeria through innovative and customer-focused people.

Strategic objectives to 2023

To be within the top 5 in Market share (in value), ROE and Service by 2023.

Our Common Purpose

Africa Is our home, we drive her growth.

Our Brand Promise

To help move our customers forward. This is reflected in our pay off – Moving Forward – and requires each one of us to commit to understanding our customers' needs and desires and provide them with practical solutions based on their peculiar situations. In doing this, we help them seize opportunities and achieve their goals and ambitions.

Our Service Mantra

Our Service mantra is expressed in the acronym Blue C.A.R.E. which means Customers Are Really Everything.

At Stanbic IBTC, our customers are at the heart of every thought, every action and every thing we do as an organisation.

OUR VALUES

Our values are at the heart of what Stanbic IBTC really stands for.

When fused together, our eight values guide us toward an overall message responsible for how we engage our key stakeholders – our colleagues, customers, and shareholders.

Serving our customers

We realise that the client is at the center of our business and we do everything in our power to ensure that we provide them with the products, services and solutions that suit their needs.

Growing our people

We encourage and help our people to develop to their full potential, and measure our leaders on how well they grow and challenge the people they lead to realise their innate abilities.

Delivering to our shareholders

We understand that we earn the right to exist by providing appropriate long-term returns to our shareholders. We make significant effort to meet our various targets and deliver on our commitments.

Respecting each other

We have the highest regard for the dignity of all people. We respect one another and what Stanbic IBTC stands for.

THESE VALUES ARE:

Working in teams

We are interdependent. We appreciate that, as teams, we are part of a larger value chain that ends with the client. We recognize the fact that we can achieve much greater things collectively than as individuals.

Being proactive

We strive to be forward-thinking by anticipating and staying ahead of our clients' needs rather than reacting to them. Our actions are always carefully thought out with the client in mind, to achieve our desired results.

Constantly raising the bar

We are never complacent but remain confident of our ability to outperform previous successes. We set and achieve ambitious goals and we celebrate success.

Upholding the highest levels of integrity

Our entire business model is based on integrity and trust. We are honest in all our dealings with our stakeholders and our operations are guided by the extant rules and regulations of the countries in which we operate.

BLUE C.A.R.E. VITAL BEHAVIOURS

Through our Blue C.A.R.E. initiative (where C.A.R.E. means Customers Are Really Everything), our staff have committed to demonstrating our C.A.R.E. behaviours in our daily interactions with you. They are the high-leverage actions that we believe create the most impact in client interactions.
