

**This Key Fact Document is important to you.**

Unayo is a digital account that gives you access to an ecosystem of clients and merchants. Unayo is accessible through self-registration via USSD (\*200#) or through mobile phone by downloading the app.

**1. Personal Accounts**

**Lite Account:** A Lite account is given to customers who are Botswana citizens only. Customers will be required to provide their personal details and will have limited functionality to the platform.

**Pro Account:** A Pro account is given to customers (Botswana citizens and foreign nationals) who upgrade from a Lite account and undergo a full KYC process respectively. Customers will receive additional functionality on their account, including increased transactional and account limits.

Pro Account holders can apply to be Micro/Individual merchants or Agents and will be required to submit additional KYC information as well as sign the merchant contract.

- UNAYO merchants

Anyone can buy services from an UNAYO merchant. Locate your nearest merchant and let them know that you would like to purchase an UNAYO service. This allows you to pay in cash.

They will then log into the UNAYO smart app or dial \*200# and select the "Sell" option. They can then tell you what services they have available.

Once you have made your selection, for example, airtime, you can select your service provider and specify the amount you would like to purchase. You can then provide your mobile number or account details.

You will receive a notification from your service provider that the transaction has been completed.

**Please ensure that the details you are using and the services you are purchasing are correct.**

#### d. Selling VAS: Merchants

- Become a merchant

You need to be an UNAYO merchant to sell VAS. If you are not a merchant, please apply to become one using the UNAYO smart app or assisted services mode.

- How to sell VAS

You can sell VAS directly from the UNAYO smart app or USSD.

- Smart App

To sell VAS from the UNAYO smart app, please ensure that you have the latest version. You will see a new option on the "Transact" tab, under Merchant options called "Sell".

Once you have selected this option, you will be presented with the list of available services.

The customer will indicate which service they wish to purchase, and you will be able to select that option and prompt them to provide the necessary fields, such as the service provider, the value of the service they wish to purchase, and their details (such as mobile or account number).

You will be presented with the confirmation screen, which will show you how much they owe you.

They can then pay you cash for the transaction.

You can complete the transaction, and their account will be credited with the service purchased.

**Please ensure that the details you are using and the services you are purchasing are correct.**

- USSD

To sell VAS vis USSD, dial your country's dial code and select the "Buy" option from the menu. You will be presented with the list of available services.

The customer will indicate which service they wish to purchase, and you will be able to select that option and prompt them to provide the necessary fields, such as the service provider, the value of the service they wish to purchase, and their details (such as mobile or account number).

You will be presented with the confirmation screen, which will show you how much they owe you.

They can then pay you cash for the transaction.

You can complete the transaction, and their account will be credited with the service purchased.

**Please ensure that the details you are using and the services you are purchasing are correct.**

- Sell VAS to non-UNAYO customers, too!

You can sell VAS to your non-UNAYO customers as well! They just need to tell you that they would like to purchase an UNAYO service – and they can pay in cash.

- Earn commissions

UNAYO merchants earn a commission for selling VAS. The commission is paid into your UNAYO account real time based on the transactions you have performed, which include VAS sales.

The commission value you earn may vary per type of VAS and is summarised in the table below:

Available Services	Commision Value	Future Services
Mobile services, such as top-ups, airtime	Mascom 8% Orange 5% BTC 10%	Government services, such as water and taxes <coming soon>
Prepaid electricity	1.75% of Purchase Value	TV subscription services. <1.5%/coming soon>
