E-mail: personalbanking@standardbank.com Website: www.international.standardbank.com The directors present the summary financial statements of Standard Bank Isle of Man Limited (the "Bank") for the year ended 31 December 2021 which have been prepared in accordance with the applicable requirements of the Financial Services Act 2008 and the regulations (the Financial Services Rule Book) made thereunder. It is a summary of information contained in the Bank's audited financial statements for the year ended 31 December 2021 ("the full annual financial statements"), as approved by the Board of Directors on 22 February 2022. The independent auditor has issued an unqualified report on the full annual financial statements. Their report on the full annual financial statements contained no statement under the Isle of Man Financial Services Act 2008 - Financial Services Rule Book, Section 127.4 of the Isle of Man Companies Act 1931 and Sections 15.4 and 15.6 of the Isle of Man Companies Act 1982.

The summary financial statements are derived from the Bank's full annual financial statements but do not contain the equivalent detailed note disclosures or additional information regarding the Bank's results and its state of affairs.

Copies of the full annual financial statements are available on request from the registered office of the Bank.

The Bank is a wholly owned subsidiary company of Standard Bank Offshore Group Limited which is incorporated in Jersey. The ultimate holding company is Standard Bank Group Limited, a company registered in the Republic of South Africa.

Copies of the financial statements of Standard Bank Group Limited are available on https://reporting.standardbank.com.

Financial Review For the year ended 31 December 2021

Performance commentary

The Bank recorded a 30.6% decline in net profit for the year from £20.3m to £14.1m. The decrease year-on-year ("YoY") was driven by decline in revenue of 2.8% (£1.3m) as a result of lower UK and US base interest rates and the impact of the credit rating downgrade of the Standard Bank of South Africa ("SBSA") as a consequence of the downgrade of South Africa ("SA") sovereign rating. Additionally, the operating expenses including management charges grew by 23.1% (£5.5m).

Income

Net interest income ("NII") accounted for a substantial proportion of the 2.8% decline in revenue, decreasing by 26.1% from £28.8 in 2020 to £21.3m in 2021. The decline was driven by a combination of lower interest rates as noted above and the balance sheet diversification requirement due to Moody's downgrades of the SBSA in November 2020. As a result, SBIOM's average asset yield reduced from 84bps in 2020 to 56bps in 2021.

Non-interest revenue ("NIR") grew by 36.1% (£6.3m). The increase was mainly due to fee income growth driven by average growth in client loans and deposits in addition to pricing revisions and client foreign exchange ("FX") revenue growth driven by increases in FX overall margins and trade counts partially offset by lower volumes.

Expenses

Total operating expenses increased 23.1% YoY (£5.5m) mainly driven by; the reclassification of Front office staff related recoveries paid by the Bank to other group related entities from fee and commission expenses under revenue to other operating expenses (£1.9m), new cost incurred during the year – franchise fees (£1.3m) and the impact of the provision raised in respect of a civil penalty (£0.2m). The cost-to-income ratio increased from 51.3% to 64.9% YoY.

Loans and advances

Gross loans and advances to customers grew 49.9% YoY due to the Bank's continued strategic focus to grow the loan book.

Loans and advances to Standard Bank South Africa ("SBSA") increased by 63.5% YoY. The increase was mainly driven by an improvement in the credit risk assessment of SBSA which led to a revision of the SBSA exposure limits in the bank's downgrade contingency plan which was approved by the board and the Isle of Man Financial Services Authority ("IOMFSA"). This allowed for placements with SBSA to be increased from the previous levels.

Capital

The Bank remains well capitalised, with a Total Capital Ratio ("TCR") at year end of 13.0% (2020: 19.5%) prior to capitalising the profits for 2021, well above the minimum jurisdictional regulatory requirement of 10%.

Whilst the Bank experienced continued profitability, the capital ratio trend above reflects the dividend actions noted below and sustained loan growth.

Dividends

The Board approved and paid a dividend of £20m during the year ended 31 December 2021 (2020: £20m).

Funding and liquidity

The Bank's liquidity position remained strong and within approved risk appetite and tolerance limits. The Bank's investment into financial assets at amortised cost ("treasury bills") decreased during the year and closed at £2,007m (2020: £2,403m).

Notes to the summary financial statements For the year ended 31 December 2021

1. Basis of compliance

The Bank's full annual financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board (IASB).

2. Equity instrument at FVOCI

Preferred stock

Following the purchase of Visa Europe Limited by Visa Inc. on 21 June 2016, among other consideration for its interest in Visa Europe, the Bank received 3 282 Series B Visa Inc. participating preferred stock ("Preferred stock"). The preferred stock is restricted and not tradeable. Restrictions will be lifted, and the preferred stock will be eligible for conversion to tradeable Class A Visa Inc. common stock no later than 21 June 2028, the twelfth anniversary of the transaction close date.

The eventual number of units of Class A Visa Inc. common stock to be received on 21 June 2028 will depend primarily on:

- Covered claims recovered against the shares:
 - Covered claims are certain legal claims, as defined in the Litigation Management Deed that have been or will be made against Visa Inc. in relation to competition law breaches by Visa Europe. These covered claims will be borne by the members of Visa Europe Limited through a reduction in the conversion ratio for their preferred stock to Visa Inc common stock.
- Partial conversion prior to the twelfth anniversary of the sale transaction:
 The Certificate of Designations of the preferred stock provides for Visa Inc. in consultation with an independent Visa Europe litigation management committee to make assessments for partial conversion to common stock on: 21 June 2020, 21 June 2022, 21 June 2024, 21 June 2025, 21 June 2026, 21 June 2027 and 21 June 2028.

Valuation approach

The Bank has used a discounted cash flow model to determine the fair value of the preferred stock using the following inputs:

- Duration of the remaining restriction period;
- Covered claims to be paid over the remaining restriction period;
- Partial conversions during the remaining restriction period;
- Visa common stock share price growth through the remaining restriction period;
- Dividends to be received on the preferred stock during the remaining restriction period; and
- Interest rate assumptions for cashflow discounting purposes.

Observability

Where possible, observable market inputs have been used. Due to the uncertainty around the quantum and timing of the covered claims as well as the duration of the remaining restriction period, certain unobservable inputs have been used. The impact of the estimates used for the unobservable inputs have not been considered material to the valuation outcome, hence valuation sensitivity has not been performed for the estimates.

Common stock

The Bank completed the disposal of its common stock holding in Visa Inc. on 25 January 2021 following the first partial conversion of preferred stock.

3. Contingent liabilities and commitments

To meet the financial needs of customers the Bank enters into various irrevocable commitments and contingent liabilities. Although these obligations may not be recognised on the statement of financial position, they carry credit risk and are therefore part of the overall risk of the Bank.

Guarantees

Guarantees commit the Bank to make payments on behalf of customers in the event of a specific act. Guarantees and standby letters of credit carry the same credit risk as loans.

The total financial guarantees are as follows:

	2021 £'000	2020 £'000
Financial guarantees	3,427	2,928

Loan commitments

Commitments to extend credit represent contractual commitments to make loans and revolving credits. Commitments generally have fixed expiry dates or other termination clauses. Since commitments may expire without being drawn upon, the total contract amounts do not necessarily represent cash requirements.

However, the potential credit loss is less than the total unused commitments since most commitments to extend credit are contingent upon customers maintaining specific standards. The Bank monitors the term to maturity of credit commitments because longer term commitments generally have a greater degree of credit risk than shorter term commitments.

Total loan commitments as at 31 December 2021 amount to £61.5m (2020: £55.6m), which represent non-cancellable facilities. The Bank also had unconditionally cancellable facilities of £85m (2020: £84m).

Notes to the summary financial statements (continued) For the year ended 31 December 2021

4. Leases

The leases relate to the properties occupied by the Standard Bank group of companies in Isle of Man and its employees. These properties primarily include the registered office of the Bank and the Bank's disaster recovery site. Rent payable in respect of the registered office and the disaster recovery site is determined using the market rent basis. Contingent rent payable for the disaster recovery site is payable on a Retail Price Index basis. The lease governing the rental of the registered office grants the Bank the right to extend the lease subject to specified conditions.

There are no specific renewal terms outlined in the lease contracts for any of the other leased properties. All leased properties must be fully insured and maintained in a state of full repair under the terms of the leases.

The future minimum payments under non-cancellable leases are as follows:

	2021	2020
	£'000	£'000
Future minimum lease payments		
Current commitments	246	172
Non-current commitments	4,255	4,570
Total	4,501	4,742

5. Immediate and ultimate holding company

The Bank is a wholly owned subsidiary of Standard Bank Offshore Group Limited, a company incorporated in Jersey. The ultimate holding company is Standard Bank Group Limited, a company registered in the Republic of South Africa.
